NOTICE: Every member listed in the Private Practice List has met rigorous registration requirements at the Master's level of training. The Association does not, however, warranty counsellor competency in the listed areas of practice. The inclusion of website links in this Directory does not imply an endorsement by BCACC of the website content of its members, i.e. the views, testimonials, opinions or claims which may be posted therein.

The purpose of the Online Private Practice Referral List is to provide referrals to the members of the public who are seeking a counsellor. What we do

The BC Association of Clinical Counsellors represents over 1600 Registered Clinical Counsellors throughout British Columbia, Canada, who work to enhance mental health in all communities by providing accountable and ethical professional services to individuals, couples, families, groups and organizations in over 50 different languages. Over 1000 of our members are in private practice and can assist you with many mental health issues, such as:

- Stress and anger management
- Panic and anxiety
- Depression
- Marital and relationship problems,
- Obsessive/compulsive behaviour
- Sexual abuse
- Grief and loss
- Substance Abuse
- Eating disorders
- Gender and sexuality issues
- Child and adolescent issues
- Communication skill/assertiveness
- Conflict resolution
- Life transitions or career issues
- And many more concerns as well

Only Registered Clinical Counsellors who have provided written consent and have a private practice are listed. Due to space constraints our members can list a limit of 3 areas of practice. However, this is by no means an exhaustive list of all the issues our members work with. If you need to verify a member's registration or if you are having difficulty finding a counsellor, please contact our office 1-800-909-6303 between 8:30am and 4:30 pm Mon. – Fri.

Cross Referencing

We are working to create searches that will be cross-referenced with other search topics. For example: if you search for stress for stress you will also get results for members who deal with anxiety and anger management.

How to use the Private Practice Referral List

You may access a referral to a Registered Clinical Counsellor in your area by using the PRIVATE PRACTICE REFERRAL LIST. Note: many of our members provide additional services in locations outside their own area of primary residence. This is particularly true outside of the larger urban centres. If you cannot find a specific member or type of service in the location you have identified, be sure to REPEAT your search in nearby population centres as well.
